Subject: Title V Permit to Construct Revision

Dear Mr. Rios:

The South Coast Air Quality Management District (AQMD) has received and reviewed a de minimis significant Title V revision application from Los Angeles City, Department of Airport (ID 800335). The permit revision involves the addition of devices C136, C145, D137 through D144, and D146 through D172:

Process 9, System 1: Concrete Batch Plant system "A" and a Baghouse

Process 9, System 2: Concrete Batch Plant system "B" and a Baghouse

Process 9, System 3: Asphalt/Concrete Crushing Operation

AQMD has evaluated this application and made a preliminary determination that the equipment will be operated in compliance with all of the applicable requirements of our rules and regulations.

AQMD is required under Rule 3005(e) to provide a copy of the proposed permit to the EPA Administrator for review. As such, a copy of the proposed revision to the existing Title V permit is attached. AQMD is requesting the EPA to conduct an expedited review.

If you have any questions concerning these changes, please call the processing engineer, Mr. Thai Tran at (909) 396-2562.

Sincerely,

Michael D. Mills
